

SOUTH SHORE
Technical Institute

WELDING CLASS

**LOCATED AT SOUTH SHORE TECHNICAL HIGH SCHOOL
476 WEBSTER ST. HANOVER MASS 02339**

July 13th - August 4th | Mon - Thursday | 7am to 2pm

Participants will receive training in essential areas such as basic shop safety, tool usage, and the operation of welders. They will learn to perform basic lap joints and fillet welding while also identifying different metals. The curriculum covers key concepts related to welding and fabrication processes, emphasizing the techniques used to join materials by applying high heat to melt the parts together.

- ✓ Social events & a vibrant community
- ✓ Training for all skill levels
